TO CALL OFF STRIKE

TEAMSTERS' JOINT COUNCIL AT CHICAGO WILL MEET TO CONSIDER THE MATTER.

HARD BLOWS FOR STRIKERS

TEAMOWNERS' ASSOCIATION INFORMS THEM THAT THEIR FIGHT IS LOST.

Chicago, May 13.—Three severe blows were delivered to the cause of the striking teamsters at night and as a result the governing body of the organization, the teamsters' joint council, will meet to decide whether or not the strike shall be called off. The decision to call this meeting of the council followed a two hours' session between the officials of the teamsters' union and the Teamowners' association. The members of the latter body have all through the present strike been favorable to the teamsters rather than to the employers' association. At night, however, the teamowners bluntly informed the teamsters that their cause was lost and that the best thing they could do was to call off the strike and do it at once.

The second blow also came from the Teamowners' association when the resignation of John F. Driscoll, its secretary, was tendered and accepted. Secretary Driscoll during the present strike has been a potent factor on the side of the teamsters.

The third blow was administered at the meeting of the Illinois Manufacturers' association, which is made up of business men from all parts of the state. At a secret meeting held at night the members of the association unanimously decided that they would uphold the cause of the employers' association, which has been conducting the fight against the striking teamsters, and that they would do all in their power to make the employers' association a permanent institution.

ONLY TWO MEN BEATEN.

Nonunion Drivers Work Almost Without Molestation in Chicago.

Chicago, May 13.—The Employers' Teaming association operated 1,900 wagons and made deliveries in all parts of the city. Two nonunion drivers were assaulted and beaten, one of them so severely that he will die. Beyond these cases there was no interference with the wagons worth mentioning. It required, however, a force of 4,000 policemen and deputy sheriffs to afford security for the wagons and to guard freight houses and stores throughout the day.

It was announced at night by the employers' association and the express companies that they will increase the scope of their operations day by day and in less than a week they expect to be doing business as though there had never been a strike. White men are being brought into the city from surrounding states at the rate of 650 a day to take the places of the strikers. The negroes employed at first are being sent home as rapidly as they can be replaced.

INTO THREE SQUADRONS.

Rojstvensky's Large Fleet Has Been Divided.

St. Petersburg, May 13.—Since the arrival on the Chinese sea of Rear Admiral Nebogoff, who is the junior admiral in the far East, his command is believed to have ceased to exist as a separate division. The fleet is now divided into three squadrons, Vice Admiral Voelkersam, who is second in rank to Vice Admiral Rojstvensky, being in command of the battleships, and Vice Admiral Enquist in command of the heavy cruiser squadron. Nebogoff has been placed in charge of an information squadron of scouts and converted merchantmen.

Formosa Under Martial Law.

Tokio, May 13.—An imperial proclamation declaring that martial law exists throughout Formosa and declaring that country in about a state of siege, was gazetted Saturday, and became effective immediately.

Koch Murder Case Nearly Ended.

Mankato, Minn., May 13.—Attorney Childs for the state concluded his argument in the Koch murder case and L. L. Brown for the defense also finished his argument during the day. Mr. Childs severely arraigned Asa P. Brooks, the only eye-witness of the murder. Mr. Brown assailed the case of the state. The case will go to the jury during the day.

Bad Storm in Indian Territory.

Guthrie, Okla., May 13.—A terrific wind and hail storm struck Marlow, I. T., during the day. Two persons were seriously injured, many business houses were damaged. Light structures were demolished and much damage to residence property is reported.

SAMUEL SHUBERT IS DEAD.

Victim of Harrisburg Wreck Dies of His Injuries.

Harrisburg, Pa., May 13.—Two more victims of the wreck of the Cleveland and Cincinnati express on the Pennsylvania railroad Thursday, died during the day, bringing the total number of victims to twenty-two. Two others are in a critical condition. Sixteen of the dead have been identified. The bodies of the others are so horribly charred and burned that it is doubtful if identification is possible.

Samuel Shubert, the New York theatrical manager, died during the morning at the Commonwealth hotel, surrounded by members of his family and business associates.

Max Stettelmer of New York died in the afternoon at the Harrisburg hospital.

Coroner Krause, with his jury, again visited the scene of the wreck. The inquest will not be held until after the railroad company has completed its inquiry into the cause of the disaster.

TRIED TO ENTER WHITE HOUSE.

Italian Arrested While Endeavoring to Force the Rear Door.

Washington, May 13.—A man who said his name is Daniel Costabile, an Italian, was arrested by Policeman Hopkins while trying to force an entrance at the rear door of the White House at about midnight. He was locked up at the police station.

When questioned as to the reason for being on the White House grounds he declared a spirit had entered his head and told him that his murdered wife was to be found in the White House. The man was hatless and clad only in a coat of thin serge.

EXPIRES ON A TRAIN

SON OF RICHARD CROKER DIES

UNDER PECULIAR CIRCUMSTANCES IN KANSAS.

Kansas City, May 13.—Herbert H. Croker, a son of Richard Croker, was found dead on a southbound Atchison, Topeka and Santa Fe railway train between Kansas City and Newton, Kan., during the day. He had died during the night, evidently from the effects of some drug administered at Kansas City, where he took the train at night for Bliss, Okla.

The first news of the death of young Croker was received in Kansas City at 4 p. m. when the local police were requested to hunt for a negro who is said to have placed Croker on the train at Kansas City. Passengers say that the negro handed him a railroad ticket and some money just before the train started.

As far as can be learned Croker arrived early on Thursday, and spent the afternoon at Elm Ridge race track. He is known to have been in the company of several patrons of the race track before he boarded the train for the south.

Croker was found dead in a car seat just before the train reached Newton early in the day. The body was taken from the train at Newton. A message was received from Richard Croker at New York asking the authorities to hold the remains and stating that he would leave the East immediately for Newton.

Was Going to a Famous Ranch.

Young Croker was evidently bound for the famous "101" ranch at Bliss, Okla., for an outing, as he bore a letter of introduction to the manager of that ranch.

Following a message of inquiry sent to New York the coroner took charge of the body, and empanelled a jury. An inquest was begun at night.

According to stories of passengers and the conductor on the train upon which Croker died, the young New Yorker was placed on the train at Kansas City shortly after 10 p. m. by a negro. Croker appeared to be under the influence of some drug.

When the conductor came around to collect Croker's fare, the latter was asleep and he did not disturb the passenger. Croker was left to himself all night until nearly 5 a. m., when the conductor made another attempt to collect his ticket. He was unable to arouse Croker and upon examination found that he was dead.

Kansas City, Mo., May 13.—Charles Woodson, the negro porter who accompanied Herbert Croker to the train, was arrested Saturday morning and held for investigation.

Woodson is porter at the Coates hotel, at which young Croker stopped. The negro says Croker was intoxicated when he reached the hotel and insisted upon the negro taking him to a "hop joint." Woodson took Croker to a Chinese resort on Sixth street, where they remained an hour, after which they went directly to the train.

Veteran Beaten to Death.

Lakewood, Wis., May 13.—Fred March, an aged veteran, was beaten with steel knuckles and then shot to death at the Forest county home of Mrs. C. M. Hagen. Officers are in pursuit of Otto Jeranick, who is accused of the crime.

H. F. MICHAEL CO'S Daily Store News

FANS for the Sweet Girl Graduate.

Perhaps you have a friend who completes her high school work this year. Of course you will wish to remember her with some neat gift. She will be sure to appreciate a nice dainty fan. If you give one you will want to give one that will be quite nice and we have just that kind.

Our prices range from 25c to \$4.50 so that the selection is a large one and we have but one of the better qualities. We will take pleasure in showing you these at any time you will find it convenient to see them.

More New Ribbons Today.

We take lots of pride in our ribbon stock and are constantly on the lookout for new things. These new ones are from the East and they represent that which is decidedly new.

Our Special for Today.

Today we are offering our best Taffeta Ribbons at a decided reduction. These prices are for tonight only. All shades.

SEVEN MINERS KILLED

DISASTROUS EXPLOSION OF DY-

NAMITE OCCURS IN A MINE AT BUTTE, MONT.

BODIES BLOWN TO PIECES

REMAINS OF MANGLED VICTIMS

FILLED SEVERAL SACKS WHEN PICKED UP.

Butte, Mont., May 13.—Seven men were killed and one fatally injured in an explosion in the Corra mine, one of the Heinze properties, during the afternoon.

The dead are: Daniel O'Brien, John Houlahan, R. H. Hill, Dave Gill, Nels Wampa, John Kramer and Daniel Hailey.

Hugh McGillis was fatally injured, sustaining concussion of the brain.

Nels Wampa was carrying an armful of about forty sticks of dynamite, approximately twenty-five pounds, to be used for blasting purposes. Suddenly it exploded with terrible force. It is thought Wampa touched his candle to the explosive. He was blown to bits, fragments of his body being several hundred feet away. Two men working nearby were blown to pieces. The remains when picked up filled several sacks.

Four others about 400 feet distant were instantly killed.

DEATH LIST GROWING.

At Least One Hundred and Twenty-five Persons Killed by Tornado.

Snyder, Okla., May 13.—All estimates of the number killed by Wednesday night's tornado in and south of Snyder make the total at least 125. The tornado traveled a distance of thirty-five miles, cutting a path from a quarter of a mile to a half mile wide. Snyder is still paralyzed. A cloud of cyclonic hue passed over the devastated village during the day, following the course of the former one of Wednesday. This cloud threw the stricken people in a panic, but nothing except a deluge accompanied its passing.

The relief committee is thoroughly organized and is working under an admirable system. The population of Snyder prior to the tornado is estimated to have been something over 1,000 people. The condition of every family stricken is known personally to the members of the relief committee. Tents have been sent to Snyder from Fort Sill.

It is thought over 200 persons were injured in the tornado, many of whom will die.

The relief committee has issued an appeal for aid to the citizens of the United States. Money is most needed.

Bad blood and indigestion are deadly enemies to good health. Burdock Blood Bitters destroys them.

MISSOURI NEGRO LYNCHED.

Obtained Money From a Man on Threat to Kill Wife and Child.

Belmont, Mo., May 13.—Tom Witherspoon, a negro, was taken from officers at night by a mob of several hundred persons and hanged in the public square to a large swing.

A negro, said to be Witherspoon, who recently returned from the Missouri penitentiary, in the morning went to the home of Fred Hess, three miles below Belmont, and at the point of a rifle demanded \$600. The negro compelled Hess to hitch up a horse and buggy and ordered him to get into it with his wife and child.

The negro then saddled another horse and, mounting it, told Hess to drive toward Belmont. When near the place the negro forced Mrs. Hess and child to get out of the buggy and enter a deserted shanty. The negro then told Hess to drive to Belmont and to send the money back by a negro preacher inside of an hour or he would kill his wife and child.

Hess hurried to Belmont and got the money and sent it back with a negro preacher. The desperado immediately mounted the horse and rode up the Iron Mountain railroad tracks. A posse was organized at once by Belmont and Columbus citizens. A small party followed the negro on a switch engine and discovered that he took refuge in the swamps around First Lake. Bloodhounds were secured from Charleston and a negro was found in a deserted shanty. He was captured and taken to Belmont by the officers. A mob had formed and they immediately took charge of the negro and, despite his begging and pleadings, rushed him into the public square and strung him up as the guilty man.

Terrible Race With Death.

"Death was fast approaching," writes Ralph F. Fernandez, of Tampa, Fla., describing his fearful race with death, "as a result of liver trouble and heart disease, which had robbed me of sleep and of all interest in life. I had tried many different doctors and several medicines, but got no benefit, until I began to use Electric Bitters. So wonderful was their effect, that in three days I felt like a new man, and today I am cured of all my troubles." Guaranteed at H. P. Durn & Co.'s drug store; price 50c.

Sherlund will fix your water pipes.

THE FIXING OF RATES

A. B. STICKNEY WOULD GIVE INTERSTATE COMMERCE COMMISSION POWER.

Washington, May 13.—A. B. Stickney, president of the Chicago Great Western railway, has filed with the senate committee on interstate commerce a statement in favor of giving the interstate commerce commission power to fix rates. He says that the commission would be the most satisfactory arbiter possible. Speaking of rebates he says that "since the injunctions the traffic directors have stopped paying rebates on grain shipments, but in lieu thereof have paid elevator fees, which is another way of giving rebates." A government commission would be untrammelled by competition or a desire to secure tonnage for any particular line and could frame an equitable schedule.

REMAINS OF JOHN PAUL JONES.

Will Be Brought to America by Admiral Sigsbee's Squadron.

Washington, May 13.—The announcement was made at the navy department during the day that Rear Admiral Sigsbee's squadron will be sent to France to bring back the remains of John Paul Jones. This squadron consists of the cruisers Brooklyn, Chattanooga, Tacoma and Galveston. All but the last named vessel are in Dominican waters and will proceed shortly for New York to fit for a trip across the Atlantic. The Galveston is being fitted out at the Norfolk yard. It is estimated at the department that Admiral Sigsbee will sail from New York between June 5 and June 10.

Washington, May 13.—President Roosevelt has approved the recommendation of Secretary Morton that the body of John Paul Jones be buried at Annapolis, Md.

Terrible plagues, those itching, pestering diseases of the skin. Put an end to misery. Doan's Ointment cures. At any drug store.

ON THE OCEAN'S FLOOR.

How It Feels to Go Down Into the Sea in a Diving Bell.

How it feels to go down into the sea in a diving bell is described as follows by one who made the descent: "Putting on a pair of stockings, leggings and heavy boots, I jumped on to the seat when the huge bell—it weighed forty tons and was as large as a good sized room—was swung by the powerful crane over the staging, and gradually we were lowered into the sea. The sensation at first was very strange. As we entered the water, which was driven out of the bell by compressed air, there was a distinct buzzing sound in the ears and head. I was told to hold my nose and blow through it, and I did so. Slowly we descended and at last reached the bottom, some fifty feet below the surface. The bell in question was seventeen feet long and ten feet wide. There were six of us in it. It was lighted by electricity and was almost as bright as day. We first landed on a bed which the divers had previously leveled. The moment the bell touched the ground there was perhaps about two feet of water in it. This was quickly driven out by the compressed air, when we walked on comparatively dry ground with the sea all around us.

"By sending signals up to the man in charge of the great crane to which the bell is attached the apparatus can be moved as its occupants wish. After inspecting the smooth bed on which the bottom blocks are laid we went out to sea and, landing on the bottom again, obtained some idea of the difficulties of digging a foundation on the floor of the ocean. It was ragged and rocky. Four men work in a bell under a pressure of twenty-seven pounds to the square inch for three hours at a time, digging up the ground until it is perfectly smooth and level. The material is thrown into a large wooden box swung in the center of the bell.

"Climbing to our seats again, the man gave the necessary signals, and away we went, all under water, of course, until we landed once more upon the stones just placed in position. The electric lights in the bell are placed close to the thick little glass windows. When we stayed on the bottom quietly for a little while the fish darted at the light, but at the noise of a shovel they quickly disappeared."

The Oldest Book.

Max Muller said that the Brahmins in particular pride themselves on the age of their Vedas, which, according to some critics, date from 9000 B. C.; according to others, from 1200 or 1500 B. C. Even this more moderate date is far beyond that of the Old Testament or any other sacred book, so that to the Brahmins must be given the credit, if credit there be, of possessing the oldest, the most remote and consequently the most difficult of the sacred books of the world.

WALTER SMITH APPOINTED

To Succeed Rev. J. O. Ferris as District Missionary for the American Sun-school Union.

* F. A. Bartlett superintendent in this state of the American Sunday school society, was in the city today making arrangements for a successor to Rev. J. O. Ferris who has been district missionary here for some time, but who has resigned to take a position as assistant pastor of the House of Hope church, St. Paul. Mr. Walter Smith has been appointed to succeed Rev. Mr. Ferris. Mr. Smith has been prominent in church work and is abundantly capable to fill the position. He will assume the duties of the office June 1.

Side Talks by the Office Boy.

I was at at a party the other night and a lot of young girls were gushing an old bachelor and asking why he'd never married, etc. He sprang those old gags about "being in no hurry," and "there are just as good fish in the sea as have ever been caught" when one of the girls remarked, "Did it ever occur to you that the bait might get stale while you are angling for them?"

In angling for customers they never allow the bait to get stale in the Linnemann store. They get in new hats, shirts and neckwear every day; they keep their stock right up to the minute. If you read about a new creation in any of those things, all you've got to do is to drop in at the Linnemann store and see the article itself. They just received direct from Germany a great big assortment of fancy half hose in the new creations. They come in 25c, 50c, 75c and \$1.00 grades. Another new thing that just got here is an assortment of new shirts.

Rural Carrier's Examination.

The local board of examiners composed of Geo. Grewcox and W. A. Spencer conducted the civil service examination this morning for rural free delivery carriers under direction of the board at Washington. Those participating were G. F. Edquist, C. S. Peterson, Wm. Schilt, Earl Jenkins, H. J. Hotchkiss, W. H. Everest, R. M. Everest and Victor E. Johnson. The result of the examination will not be known for several days; two out of this number are to be selected for the routes established to begin service June 1.

Opsahl's studio is always open on Sunday. 292tf

Drunkenness a

Terrible Affliction

The world's greatest physicians agree that drunkenness is a disease and must be treated as such. It is not necessary to incur the publicity and expense of attending a sanitarium, but the disease of drunkenness can be cured right in the home by Orrine. This great remedy is put up by a chemist who, after many years of constant labor and research, combined the necessary ingredients that positively conquer the craving for liquor.

Orrine is put up in two forms. No. 1 (powder) can be given secretly in tea, coffee or food without the patient's knowledge, as it is tasteless, odorless and colorless. Orrine No. 2 is put up in pill form, for the voluntary treatment of those desiring to free themselves from the grasp of alcoholic stimulants; this is in a convenient form to carry in the vest pocket. Either form costs \$1 per package.

Many cases in this city have been completely cured with four boxes of Orrine. Think of this little cost compared with the enormous price of a treatment at a sanitarium. The Orrine Company Inc., Washington, D. C., guarantees to cure the craving for drink or refund every cent paid for it. Write to them for a free book on "Drunkenness," mailed in plain envelope.

We are sole agents for this city, and heartily recommend Orrine. H. P. Dunn & Co., Central Drug Store, Nat'l Bank Block, Brainerd, Minn.

Have you a picture to frame? See D. M. Clark & Co. 241tf

Notice, A. O. U. W.

Sure Relief for Women.

No. 18 Central Ave.
HOT SPRINGS, ARK., April 30, 1903.

Eighteen months ago I was so completely run down that my body ached from head to foot. My back seemed to break in two and I suffered intense pain in the lower abdomen. I could not afford to lay off and take a rest, and no medicine helped me any.

A friend told me how much Wine of Cardui built her up and advised me by all means to take it. The day I took the first dose the recovery of my health began. It was nearly three months before I was entirely cured, but at the end of that time I was in better health than I had been for seven years.

I look on Wine of Cardui as the most blessed medicine that a woman could possibly take when she feels sick and tired of life.

Anna Nelson
ORATOR, WEDNESDAY CHAUTAUQUE CLUB.

WINE of CARDUI

Mrs. Nelson describes the condition of thousands of women. That condition comes by slow stages. Usually the important function of menstruation is at first slightly irregular. Then comes the painful periods. Bearing-down pains and ovarian inflammation follow. Finally the nervous system gives way and the whole system has become affected and the pains rack the body from head to foot.

Wine of Cardui is a menstrual regulator of established reputation. No woman who takes it suffers as Mrs. Nelson suffered. It gives speedy and complete relief from the torturing menstrual agonies which are making so many women invalids today. Do not let yourself come to the pitiable condition Mrs. Nelson describes.

Secure a bottle of Wine of Cardui from your druggist today and begin treatment immediately.

The Dispatch 40 Cents per Month.

DISSOLUTION CAME AT LAST

Death of Daniel F. McIntosh Occurred This Morning at About 10 O'clock

WAS AN OLD RESIDENT HERE

Prominent in History of Fire Department-Honorary Mem- ber of State Association

Daniel F. McIntosh, a pioneer resident of this city, died this morning at his home on Fifth street south at the age of 48 years after a lingering illness with cirrhosis of the liver.

The death of Mr. McIntosh has been momentarily expected for the past week or ten days, and it was only a matter of time when he would pass away. Considerable of the time for the past week or so the sick man was unconscious and did not recognize his relatives and friends who were at his bedside. The dissolution occurred shortly after 10 o'clock and there were at his bedside at the time his brothers, Hugh, Alex and William McIntosh and his sister, Miss Kate McIntosh.

The deceased has been a resident of Brainerd for about thirty years. He was born at Glangarry, Ca., 48 years ago the fourth day of last August. He came of Scotch parentage and was of that sturdy type, was wholesome, good natured and generous, and he leaves a large circle of friends in this city. His mother, Mrs. Annie McIntosh, died in this city last December after a long and tedious sick spell and one of the most glowing tributes that can be paid D. F. McIntosh is the fact that he was kind and loyal to his aged mother. He never laid his head on his pillow before he first knew that she was comfortable and her wants had been attended to. What more can one say in commendation of a man's life than that he was good to his mother.

Mr. McIntosh was a member of the Workmen, the Redmen and the Eagles orders. He was in early days closely affiliated with the Brainerd fire department, in fact, he was the chief of the fire department here for eight or ten years. He was also well known in State Firemen's association circles, and was at the time of his death an honorary member of this body. He was at one time president of the state association. He was always very prominent in the workings of the association and in his day served on some very important committees.

The deceased leaves three brothers, Hugh, Alex and William and two sisters, Miss Kate of this city, and Mrs. Clark, of Glangarry, Ca.

"Dan" as he was familiarly and affectionally known to many friends in Brainerd will be greatly missed. He was of a quite nature but notwithstanding this he was a congenial spirit and always had friends galore about him who pause for

a moment in life's great procession to pay homage.

The funeral services will be held at 2:30 o'clock on Monday afternoon and it is more than likely that the members of the fire department and the three orders to which he belonged will turn out in a body.

STATE LABOR CONVENTION

Delegates Elected From the Local Trades and Labor Assembly to the State Body Have Been Named

There was a meeting last night of the Trades and Labor assembly and the following delegates were named to the state meeting to be held in this city in June:

R. C. Kutz, Frank G. Hall, W. H. Bolton, W. R. Heron and Wm. Barron Jr. Alternates David Snell and John Bye.

Many questions of importance await the calm, deliberate consideration of the delegates. Every local in the state organized on trade union principles is urged to be fully represented by its most active and best qualified members.

The circular issued by the state secretary, says:

Many advances have been made during the past year in the state. Organization has progressed steadily. Wages have been increased. Hours have been reduced. Recognition has been secured. Conditions formerly irksome have been modified. Permanency of organization is established. The attention of many wage workers, not yet organized, has been attracted to the advantages gained, in which they have not shared, but who are patiently awaiting the opportunity to join forces with our movement as quickly as we can give our attention to organize them.

Delegates should be selected at least two weeks previous to the convention, and their names must be sent to the Secretary, W. E. McEwen, Duluth, Minn.

The Federation is a deliberative body for the consideration of measures calculated to benefit the working classes. The sessions are but short duration, and as it is necessary to expedite business, it is expected that all resolutions, bills, memorials, etc., will be either typewritten or printed in duplicate, at the expense of the organization interested, before they are turned over to the secretary. The Credential Committee will meet on Sunday, June 11th, and it is necessary for all credentials to be in the hands of the secretary on time. W. E. McEwen, secretary-treasurer, will arrive in Brainerd on Sunday, June 11th. All correspondence mailed after Friday, June 9th, should be directed to him at Brainerd, care Ransford Hotel.

See Sherlund for sewer connections.

APRIL CLEAN UP OF SHAKESPEARE MINE

It Produces \$4,359 in the Month —Output was Brought to the Soo

MANAGER TELLS OF SUCCESS

During April 350 Tons of Quartz were Crushed—Average of \$12.16 Per Ton

Another batch of gold bricks from the Shakespeare mine, near Webb wood, Ont., has been received and the shareholders are in high feather over the result.

During April 350 tons of quartz were crushed, containing an aggregate value of \$4,250, or an average of \$12.16 a ton. During the month five stamps dropped 10½ days and 10 stamps 15 days, being equivalent to ten stamps for 20½ days.

Of these values, \$3,800 is represented by 200 ounces of yellow gold bullion; \$399 in seven tons of concentrates, worth \$57 a ton; and \$1.50 per ton was lost in the tailings. The latter loss was considerably less than in March but, to reduce the loss, the aggregate tonnage crushed was somewhat reduced.

The value of the gold produced by the Shakespeare mine is unprecedented in Ontario gold mining, and, in fact, equalled by very few western mines. Theoretically, gold is worth \$20.67 an ounce. In practice, gold that is pure is not found. A few California mines produced gold worth \$20 an ounce, but \$18 is considered a very high average, and \$17 an ounce is very satisfactory. Most of the gold in the Rainy Lake region of Ontario runs from \$15.50 to \$16.50 an ounce.

The bullion from the February clean-up at the Shakespeare gave mint returns of \$18.60 an ounce. The March product gave the almost incredible value of \$19.03 per ounce. It is believed that the April product will run as high and \$19 an ounce has been taken in estimating the value of the output for that month.

William Wood, president and manager of the Shakespeare company, is at the Leland, with a smile of satisfaction on his face that would eclipse a new moon if there were one and this drizzly weather would permit it to be seen.

"Yes," said Mr. Wood to the Evening News this morning, "we are getting the real thing down at the Shakespeare, and I brought out with me bullion from the April clean-up worth \$3,800. Our pay roll for the month was only \$1,300, so you can see which side of the ledger is getting the best of it. The month's run also confirms the values in the ore as seen in the previous runs.

"During the month we employed 24 men. We cleared 10 acres of ground, erected a new office for the manager, and did some other building. Above all we finished the installation of five additional stamps, making ten in all that will pound out the gold henceforth. We will add five more as quickly as possible, bringing the total up to 15.

"In the mine we did some timbering and lagging. From the 50 foot level we mined 50 tons of ore; from the 100 foot level we mined 150 tons and from the 150 level we took out 150 tons, making an aggregate of 350 tons mined and milled. A broken crusher made it imperative to break rock for the stamps by hand for much of the month, thereby materially reducing their capacity. These accidents have delayed sinking in the shaft but that will be resumed at once.

"Now, here's a remarkable thing," remarked Mr. Wood. "On the 150 foot level we extended the crosscut to 60 feet in length and took out ore enough to make it 12 feet wide. We milled every bit of that ore, 150 tons, as stated, and its richness for the entire distance did not lower our average per ton. With more depth and more stamps, the Shakespeare ought to lower some of the world's records. With ten stamps dropping and our crusher once more in commission, the May clean-up ought to satisfy the doubters and cause the people of the two Soos and Ontario to sit up and take notice.

"As stated," continued the enthusiastic manager, "the entire gold contents of the 350 tons crushed averaged \$12.16 an ounce. But, as some of that was in concentrates and some in tailings losses, we actually recovered 200 ounces of bullion, worth \$3,800, or an average of \$11 a ton for the ore treated. Considering everything, I feel that this breaks the record for Ontario and I am not afraid to compare notes with any quartz mine in the west. Practical mill men may be interested to know that of the 668 ounces of amalgam 307 ounces were taken from the batteries and 361 ounces from the plates."

Mr. Wood says that an active season in prospecting in the country tributary to the Shakespeare is anticipated. The Melville discovery attracted much attention and aroused deep interest. With the Shakespeare producing gold bricks at a fine profit, other development work starting up and new discoveries being made, it is believed that the

great merits of Ontario as a gold mining region will be recognized and investors will take advantage accordingly.

Mr. Wood leaves this evening for his home in Minnesota for a short visit with his family.—Soo News, May 8.

ENJOY LONG LIFE

Minnesota Death Rate is as Low as Any State in the Union, Being About 9 Per Thousand

The invigorating atmosphere of Minnesota is conducive to long life, according to reports received by the state board of health. A compilation of deaths in Minnesota in 1904 show that the rate was about 9 per thousand, which is as low as if not lower than the rate in any other state in the Union, and much lower than the average rates for the United States and foreign countries.

The death rates in Minnesota cities having a population of 10,000 to 20,000 follows:

Brainerd.....	11.2
Mankato.....	12.73
St. Cloud.....	5.7
Stillwater.....	8
Winona.....	13

In cities from 5,000 to 10,000, the rates follow:

Anoka.....	6.8
Austin.....	9.82
Cloquet.....	5.96
Crookston.....	7.6
Faribault.....	11.87
Fergus Falls.....	7.77
Hibbing.....	14.5
Little Falls.....	10.61
New Ulm.....	14.5
Owatonna.....	9
Red Wing.....	10.59
Rochester.....	20.86

A Creeping Death.

Blood poison creeps up toward the heart, causing death. J. E. Stearns, Belle Plain, Minn., writes that a friend dreadfully injured his hand, which swelled up like blood poisoning. Bucklen's Arnica Salve drew out the poison, healed the wound, and saved his life. Best in the world for burns and sores. 25c at H. P. Dunn & Co.'s drug store.

WORK ABOUT COMPLETED

Some Good Improvements Being Made in the Towne-McFadden Block--Steam Heat Installed

Some valuable improvements have been made of late in the Towne-McFadden block. This is the block where the new Commercial Club rooms were selected on the second floor. The rooms have been overhauled and repaired and they are elegantly located and equipped. F. Murphy has just installed a new heating plant and the steam was turned on for the first time this morning.

There's no beauty in all the land
That can with her face compare,
Her lips are red, her eyes are bright,
She takes Rocky Mountain at night

NORTHERN LEAGUE

President E. H. Kent of the Northern league is out with instructions to umpires. He plans to make base ball as clean as it can be this year in the Northern league and from the instructions the following is gleaned:

"Your relation and duty to the players is complex, but it is, nevertheless, clear and well defined. As the supreme arbiter of everything connected with the conduct of a ball game, from the time the play starts until the game is over, you are the players' supreme judge, and it behooves you to be fair and equitable so far as your judgment can guide you, and at all times to command respect. You of course know that you have absolute charge of the field during the progress of all games, and it is the intention of the officers to give you full and ample support. I desire to instruct you specifically regarding the matter of maintaining order and discipline on the ball field. In the past many players have been allowed so many privileges and liberties that they have acquired the habit of using profane and vulgar language, not only among themselves but even addressed to the umpire and others. This will not be tolerated in the Northern league, and any umpire who permits foul or obscene language on the part of a ball player or manager on the ball field, while he has charge of the game, will be considered as deficient and be subject to fines, penalties and removal at the same as a player.

"It will be our aim and desire to conduct the games this year with as little friction—trouble between the players and umpire—as possible, and the best way to bring that theory into practical effect is to nip right in the bud, at the beginning of the season, any attempt on the part of players or manager to bully or bluff."

Manager Reilly is hustling the work on the ball grounds. The past week the wet weather has hampered some, but the coming week will be a busy one. The entire diamond and ten feet around it has been skinned and is as level as a floor. The fence has been fixed up, but will be repaired still more. A large netting is to be built each side of the park for a long distance out so that it is hoped there will be little difficulty in the matter of foul balls, etc.

GEO. TRENT HERE

New Manager of The Ransford Arrived in the City This Morning and Jumped Into the Harness

George Trent arrived in the city this morning from Long Prairie and took his position as manager of The Ransford immediately. Mr. Trent will make but few changes in the hotel, but his presence will be a drawing card in itself, and he is a man of unlimited experience in the hotel business.

ABSCONDER ENDS HIS LIFE.

Wisconsin Man Commits Suicide by Shooting.

Oconto, Wis., May 13.—Louis J. Rens, one of the best known men in Oconto, agent for the McEachron company, absconded during the day. His body was found in a barn three miles south of the city. He had committed suicide by shooting. He had been employed by the McEachron company for twenty years and was the only one of their agents not required to furnish bonds. It is said he had purchased 10,000 tons of hay from farmers, very little of which had been paid for, and all of it had been shipped away, the company receiving pay for only a few tons.

As hay is quoted at about \$8 a ton here, this would mean a shortage of \$80,000, and if the operations were extended to other lines of produce in the same proportion, the shortage will be far above \$100,000.

Eleven Persons Injured.

Rosedale, Kan., May 13.—Dorr Harrington of Cheyebogan, Wis., was badly hurt at night in the wreck of the "Frisco Meteor," the Oklahoma and Texas limited train. The "Meteor" crashed into five box cars in the railroad yards. Three other passengers and seven trainmen were more or less seriously injured.

Army Transport Ashore.

Manila, May 13.—The army transport Luford ran ashore on May 11 while entering the harbor at Malabang, Island of Mindanao. The troops on board were landed. The transport will probably be refitted undamaged.

Wreck at Chicago.

Chicago, May 13.—A suburban train on the Chicago and Northwestern railway collided with a freight engine just after leaving the depot at Western avenue, with the result that a score of passengers were injured, four of them seriously, and two passenger coaches were demolished.

Store your households good with D. M. Clark & Co.

RELEASED FROM JAIL

MISS NAN PATTERSON FINALLY LEAVES THE TOMBS PRISON A FREE WOMAN.

GIRL IS GIVEN AN OVATION

GROWD GATHERS AND CHEERS HER AS SHE LEAVES COURT OF RECORDER GOFF.

New York, May 13.—After more than eleven months in prison and three mistrials on the charge of murdering "Caesar" Young, Nan Patterson walked from the Tombs during the day a free woman. As she left the great building which has been her home since a few days after Young was found dying in a cab in lower New York, 2,000 people greeted her with cheers, for the news that District Attorney Jerome would move for her dismissal from custody had spread throughout the vicinity of the courthouse. But the accused girl had but a few seconds to see and hear the demonstration before she was whisked away in a cab with her attorney, Abraham Levy.

The move to discharge Nan Patterson came rather unexpectedly to the public. It was an hour or so before noon when District Attorney Jerome appeared before Recorder Goff in special sessions and announced that he desired to move the discharge of the former chorus girl without bail and on her own recognizance.

This announcement followed three trials for murder. The second and third of these trials—the latter concluded but a few days ago—resulted in disagreements; the first in the discharge of the jury because of the illness of a juror before the case had been concluded.

The Great Dramatic Climax.

Not the least interesting of the day's events and perhaps the great dramatic climax to the troubles of the former Florodora girl was the reunion in freedom with her sister, Mrs. J. Morgan Smith, and her brother-in-law, J. Morgan Smith, both of whom were discharged by Justice Cowing in the court of general sessions after being held on charges of conspiracy in connection with the Patterson case. Smith was also held for contempt of court in failing to obey a subpoena as a witness at the first trial. He was fined \$250 and released on this charge. Then came the surprise. Nan Patterson herself paid the fine out of a \$300 check which had been given her by a friendly newspaper.

District Attorney Jerome announced his decision to free Nan Patterson in a speech in the course of which he reviewed the trials of the girl and said his assistants had his approval of the course pursued by them in the trials. He said he did not believe that at this time, "in this county another trial would result in anything else than a disagreement." Then he declared that during the last trial he had information that the members of the jury had agreed that J. Morgan Smith had bought the revolver that Nan Patterson carried it in the cab, and that "Caesar" Young did not commit suicide. He concluded with the motion that Nan Patterson be discharged on her own recognizance. It was then that Miss Patterson was brought into court.

Warned by Recorder Goff.

Recorder Goff then told her that Mr. Jerome recommended her discharge, in which action he coincided, and after warning her that her terrible ordeal should be a guide for her future life, he closed the case by discharging her.

A moment later the girl was shaking hands with her counsel. Then she walked steadily from the court to find herself in the arms of her father, just outside the door.

"Thank God, my daughter," was her father's exclamation. The crowds in the corridor cheered and the police let them have their way.

As she reached the street door the demonstration was taken up by a throng outside. Hurrying through the crowd she took her place in a cab, smiling and nodding to the friendly greetings.

As the cab started down town to the office of her counsel, mounted police surrounded it and kept back the increasing crowd, which was threatening one of the most remarkable demonstrations ever seen at the Tombs.

In Levy's offices Miss Patterson briefly expressed her thanks to her counsel, announcing to the newspaper men she was going to her mother in Washington and was driven to an hotel. Then she met her sister and they took an automobile ride. J. Morgan Smith joined the two later and the trio dined together. Miss Patterson took a late train for Washington on night.

SERVED WITH SUMMONS.

James W. Alexander Notified of Suit by J. H. Hyde and Others.

New York, May 13.—James W. Alexander, president of the Equitable Life Assurance society, was served during the day with the summons and complaint in the suit brought against him by James H. Hyde, William H. McIntyre, Annie F. Hyde and Mary B. Ripley, in which the plaintiffs desire the removal of Mr. Alexander from his position as trustee of the Hyde stock and demand an accounting.

WHOLESALE TRADE STIMULATED.

Good Reports as to Winter Wheat the Cause of the Activity.

New York, May 13.—Bradstreet's review of trade says wholesale trade for fall delivery has been stimulated by good public and private reports as to winter wheat, but heavy rains or continuously cool weather have interfered with retail trade, except in a few sections, and unquestionably retarded corn and cotton planting, which appears to be one to two weeks late. Spring wheat seeding, however, has been finished and the increased acreage, helped by abundant moisture, has had a good start. The iron trade displays increased quiet in the cruder forms, with price concessions offered. Buyers display a holding off tendency. Finished trade reports are good. The building trades, as heretofore, offer an immense outlet for lumber, hardware and building material generally. Railway tonnage in April fell somewhat behind March, but the gain in earnings over April, 1904, is fully 8.7 per cent against a gain in March of 10.3 per cent. Trade on the Pacific coast is slow. Reports from the South are mixed. Eastern trade centers report rather favorably. The market for wool is very high and at the West excitement reigns, with sales of wool 10 cents higher than the Eastern level.

Minnesota Man Gets a Position.

Washington, May 13.—Secretary Shaw during the day designated Walter W. Ludlow of Minnesota as acting clerk of the treasury department vice Wallace H. Hills, deceased, and the appointment later will be made permanent. Ludlow entered the government service in 1897.

TELEGRAPHIC BREVITIES.

Judge Charles B. Bellinger of the United States district court, is dead at Portland, Ore.

Cornell easily defeated Pennsylvania university in their dual meet at Franklin field Friday, winning by a score of 56 to 51.

At Spokane, Wash., "Honey" Mello of Boston Friday night knocked out Martin Duffy of Chicago in the first round of what was to have been a twenty-round contest.

Mary Campbell of the Cedar Falls (Ia.) normal school took first place in the interstate normal oratorical contest at Milwaukee Friday night. Kansas was second, Missouri third.

THE BOWEN-LOOMIS AFFAIR.

President Roosevelt Will Investigate It Personally.

Washington, May 13.—The case involving Assistant Secretary of State Loomis and Herbert W. Bowen, American minister at Caracas, Venezuela, will be taken up by the president early next week. This announcement was made by Secretary Taft after a two-hours' conference with the president at the White House about this and other subjects. President Roosevelt will conduct the inquiry into the matter personally and both Mr. Loomis and Mr. Bowen will be given whatever opportunity they want to submit their respective sides of the case. Secretary Taft has had the subject under consideration in the absence of President Roosevelt from Washington and he will give the latter whatever assistance he may desire in the case.

Saved by Dynamite.

Sometimes, a flaming city is saved by dynamiting a space that the fire can't cross. Sometimes, a cough hangs on so long, you feel as if nothing but dynamite would cure it. Z. T. Gray, of Calhoun, Ga., writes: "My wife had a very aggravated cough, which kept her awake nights. Two physicians could not help her; so she took Dr. King's New Discovery for consumption, coughs and colds, which eased her cough, gave her sleep, and finally cured her." Strictly scientific cure for bronchitis and La Grippe. At H. P. Dunn & Co.'s drug store, price 50c and \$1.00; guaranteed. Trial bottle free.

FATAL EXPLOSION OF GAS.

Two Men Killed and Over Fifty Others Injured.

Philadelphia, May 13.—Two men were killed, two were fatally injured and two score others were more or less seriously burned by the collapse of an immense gas holder at the Point Breeze works of the United Gas Improvement company. The dead are: George H. Whalen and Joseph Ogilvie. The gas holder collapsed from some unknown cause and the great volume of gas which the holder contained exploded with such force that buildings within a radius of half a mile were shaken. There were more than fifty men a short distance from the tank and nearly all of them were either badly burned or scorched before they could escape from the fire zone.

Owen Brady and Robert Fleming, employees of the company, died during the night from their injuries.

STATE OF OHIO, CITY OF TOLEDO, Lucas County.

Frank J. Cheney makes oath that he is senior partner of the firm of F. J. Cheney & Co., doing business in the City of Toledo, County and State aforesaid, and that said firm will pay the sum of ONE HUNDRED DOLLARS for each and every case of Catarrh that cannot be cured by the use of Hall's Catarrh Cure. FRANK J. CHENEY. Sworn to before me and subscribed in my presence, this 6th day of December, A. D. 1904.

A. W. GLEASON, Notary Public. (Seal.) Hall's Catarrh Cure is taken internally, and acts directly on the blood and mucous surfaces of the system. Send for testimonials free. Address: F. J. CHENEY & Co., Toledo, O. Sold by all Druggists, 75c. Take Hall's Family Pills for constipation.

WHILE RESISTING ARREST.

Hungarian Shot Dead by the Sheriff at Owatonna, Minn.

Owatonna, Minn., May 13.—While resisting arrest for highway robbery, Ivan Tomajis was shot and killed by Sheriff Chambers.

Tomajis made no statement, and little is known of him. He and Martin Rukavina and Martin Arnik came from Minneapolis and spent the night in a barn. The first two, it is alleged, learned that Arnik had \$400 and was returning to Slavonia to bring over his family, whereupon they held him up and took the money from him.

The robbers went east and Arnik informed Sheriff Chambers, who took a train to Havana and found the alleged robbers, who turned and fled. The sheriff fired three shots wild and then shot Tomajis in the back.

The money was thrown away by Rukavina, but it was found. The men are Hungarians.

TWENTY PEOPLE HURT.

Two Coaches of a Passenger Train Go Through a Trestle.

Weatherford, Tex., May 13.—Two coaches of a Weatherford, Mineral Wells and Northwestern passenger train went through a broken trestle during the afternoon in Dry creek, near here, and about twenty people were more or less seriously hurt. Loss of life is feared. A relief train has gone out from Weatherford.

Cleaned for Action.

When the body is cleared for action, by Dr. King's New Life Pills, you can tell it by the bloom of health on the cheeks; the brightness of the eyes; the firmness of the flesh and muscles; the buoyancy of the mind. Try them. At H. P. Dunn & Co.'s drug store, 25 cents.

Consoling.

He—So your father thought I wanted to marry you for your money? What did you say? She—I persuaded him that you didn't, and then he said if that was the case you hadn't any sense. —Detroit Journal.

The Inventor of Today.

The inventor is no longer invested with the pathos and romance of unrequited patience, but is the man of all others who caps to eminence and fortune. —St. Louis Republic.

Not Wanted.

Miss—You ruined that terrapin last night, Ellen. I can't have things wasted so.

"Sure, mum, 'twasn't wasted. We ate it in the kitchen."—Life.

A letter or note sent by a friend should never be sealed.

No Knife Needed

Piles can be cured by internal treatment. To get at the cause—that is the secret, and that is why Dr. Perrin's Pile Specific is so universally successful in its results. It increases the flow of digestive juices in the stomach—accelerates the action of the liver. With congestion of the liver removed and constipation relieved, the two chief and distinct causes of piles are reached and conquered.

Dr. Perrin's Pile Specific

The Internal Remedy

For dyspepsia, indigestion, constipation, hemorrhoids, catarrh of the stomach and indurated adenoids it is the greatest remedy that has ever yet benefited mankind.

Certain in its results, this remedy will cure the most obstinate cases of Piles.
